

Warren Elementary School 2021-2022 Community Report

Our School
188 students
13 professional staff
(including 2 Learning
Support Teachers)
11 support staff
2 custodians
We are a small, rural K-8
school that offers an
English Language
instruction academic
program with basic
French and music taught
at each grade level.

Our Staff have worked hard this year to provide a safe and welcoming atmosphere for our students. Our school goal this year was to provide improvement in the area of the Interlake School Divisions Continuous Improvement Plan, which focuses on Well-being. Our staff and students have had an exceptional year and have a lot to celebrate. We have had a few interruptions to our learning and adapted as pandemic restrictions changed our day to day operations. Our teachers and students have persevered and accomplished a great deal of learning this year. We would like to thank all of our parents and guardians for continuously providing their support, enthusiasm and flexibility as our school navigated through the pandemic. More than ever it showed us that we are all partners in the education of our students! Thank you for your support in 2021-2022!

Well-Being:

Our Goal

For students, staff, and community members to all play an important role in creating healthy learning environments. Students need our collective support to achieve their full potential.

Our strategies:

- Surveying students, staff and community regarding Well-Being.
- Parent information nights were held virtually on the topics of dealing with Anxiety and depression.
- Playground skating rink.
- Cross country ski trail around Warren and Snowshoes were purchased.
- Halloween socially distanced dance.
- Students were encouraged to share their feelings/worries with teachers at morning meetings, ask questions about procedures, and to provide input in the new games and equipment to adapt to the restrictions placed due to COVID19.
- Orange Shirt day
- Tipi Joe taught our students about the importance of the Tipi to Indigenous people and us
- A School Tipi was purchased and built.
- Staff/Student volleyball game.
- School-wide community-building activities (Earth Day and WesFest)
- Many virtual presentations for I Love to Read month with guest authors, The Winnipeg Jets, and parents.
- Project 11 was offered in several grade levels which teaches students about Well Being and is linked to the Winnipeg Jets
- Staff attended various Professional development activities such as "Fit Kids, Healthy Kids" and Dr. Jody Carrington's mental health seminars which provided our staff with strategies to adapt their classroom to our students Well-Being needs.

**Thanks for another great year! We could not have done it without your continued support!
WES Staff**
